Downtown Morehead City, Inc. – Adopt-a-Block Downtown!

We're glad that you're interested in helping us keep Downtown Morehead City clean and beautiful! Since 2021, the Town of Morehead City has facilitated this city-wide Adopt-a-Block Program to help keep the charming streets of our town litter-free. Downtown Morehead City, Inc. is excited to take ownership of the program throughout the downtown district so that our waterfront community is kept clean and beautiful year-round.

The Adopt-a-Block program engages groups of volunteers to “adopt” a public space and make an annual commitment to regularly clean and beautify our streets and blocks. Typical areas include frequently trafficked streets, high-density commercial blocks, storm drains, retention ponds, and problem-area medians/curbs/sidewalks. Generally, we ask that volunteers assist us in disposing of trash and litter, moving/relocating small to medium sized debris, notifying us of large trash items that need professional attention, and other general upkeep.

This packet includes the following documents:

- Adopt-a-Block Application Form
- Program Rules and Volunteer Terms & Conditions
- Volunteer Waiver & Release of Liability
- Safety Guidelines

If you are interested in joining the program and adopting a block yourself, the next steps are:

1. Read through the “*Program Rules and Volunteer Terms & Conditions*,” “*Volunteer Waiver & Release of Liability*,” and “*Safety Guidelines*” sheets included in this packet.
2. Fill out the “*Adopt-a-Block Application Form*” and “*Volunteer Waiver & Release of Liability*” forms and submit them to the DMC, Inc. office. You may do so either by scan via email, or through regular mail/in person:
